The Black Hand-

"The Black Hand" is an organization of anarchists in Spain similar to that of the old "Internationale," that is waging war upon landed proprietors, particularly in Andalusia. Workmen in large numbers have been drawn into the society, whose chief object is an agrarian revolution. It has declared war against landed proprietors, and has commenced work by the commission of horrible outrages. One dispatch dated Madrid, February 28th, says: "It is reported that twenty-one armed men, masked, and supposed to be members of a secret society, entered a farm the day before yesterday, at Puerto Serrano, in Audalusia. They murdered the men, outraged the women and destroyed everything in the place." A later dispatch said: "It is reported that several plantations in Anda lusia have been partially destroyed. Some emissa of the anarchists have been arrested, and they are found to be furnished with fresh orders from the secret societies, which seem determined to make a vigorous resistance to the authorities." Arrests are now numerous, and it is said documents of a highly treasonable character have been discovered. The military force in Andalusia has been increased, but "The Black Hand" has not been suppresed.

A few days ago a wagon and team were lost in Snake river, above Eagle Rock, I. T. Snake river is unlike any other stream, unless it be the Colorado. A body carried off by the current is never seen or heard of afterwards.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible.

If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the

These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will theroughly and quickly assimilate with the blood, purifying and strengthen-ing it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is posi-tively not injurious.

Gents: —Upon the recommendation of a friend I tried Baowa's
Ison Betters as a tonic and restorative for my daughter, whom
I was thoroughly convinced was
wasting away with Consumption.
Having lost three daughters by the
terrible disease, under the care of
eminent physicians, I was loth to
believe that anything could arrest
the progress of the disease, but, it
my great surprise, before my daugh
ter had taken one bottle of Broww'.
Ison Bittims, she began to mend
and now is quite restured to former
health. A fifth daughter began to
show signs of Consumption, and
when the physician was consulted
he quickly said "Tonics were required;" and when informed that
the elder sister was taking Brows's
Ison Bittims, responded "that is
a good tonic, take it."
